MEDIA RELATED EXPERIENCE PAST

I recently graduated from Ohio University Southern 2016 with a degree of Associates Applied Science Electronic Media. I had two and half years' worth of classes in multimedia production focused around video, audio, and multimedia.

PRESENT

Marshall University - transfer student starting fall 2016 Majoring in Journalism:

Camera – My primary experience has been with consumer DSLR cameras, such as the Nikon 5200. I also have experience with Panasonic HPX as well as ENG field cameras.

Producing – I learned many skills involved in the producing side of a production including breaking down scripts, creating shorts, and organizing interviews.

Editing – I am efficient at editing in Adobe Premiere. Skills range from simple clip trimming to color correction and effects use as well as being proficient in the entire adobe suite.

Film Industry Training Seminar : Huntington, WV - April 2016 , Bethany, W.V.

TECHNICAL SKILLS

Proficient in Word, Excel, PowerPoint, Adobe Suite.

PRODUCTIONS

Obtained a grant from the West Virginia Humanities Council, for a historical documentary about a Lebanese Syrian Immigrant who arrived in the United States in 1901 and was diagnosed with Leprosy in 1906, then died a mysterious death. I did videography, research, editing and produced the 45 minute documentary George Rashid “The Leper of Pickens”.

OTHER WORK EXPERIENCE

I worked during a sports production class at Ohio University Southern, setting up the production truck and cameras to document live High School football and basketball events. Also helped organize a 30 minute horizons show for the local college station. Examples of my work can be found at www.jehworld.com

Other experience includes weapons handling with firearms for, which I have a hunters safety card. I also have experience in customer service working at a ski resort rental shop as well as being a front of house manager / bartender at a local restaurant in Snowshoe WV.
